

# IDAHO® FINGERLING POTATOES

**FINGERLING POTATOES** are small, narrow potatoes that are commonly used in salads and other side dishes. They roast well, and with a variety of colors, shapes, and sizes, they add a nice touch to many dishes. They also have very delicate skin, so they do not need to be peeled before preparation.

**Texture:** Firm, waxy texture

**Flavor Profile:** Buttery, nutty, and earthy flavors

**CRISPY LEMON & HERB IDAHO® FINGERLING POTATOES**

**SIZE COMPARISON**

Idaho® fingerlings are usually available all year long for your recipe needs.
