Miller Research Potato Pest Management Workshop Tuesday, February 15 and Wednesday, February 16 426 East 200 North; Rupert, ID

For all potato growers, consultants, and any others interested in potato pest management:

Miller Research LLC will be holding its annual potato pest management research meeting on Tuesday, February 15 and Wednesday, February 16. The same program will be presented both days. The meetings will be held at the new Miller Research facility located near Acequia, ID. (426 E 200 N). Presentations will discuss chemical and cultural practices to manage diseases and nematode pests.

There is no cost to attend this meeting. If you have questions or concerns you would like addressed please submit them by e-mail. If you know of other interested parties please forward this notice.

Agenda:

- | | |
|-------------|--|
| 8:30-9:00 | White mold control in potato (Dr. Terry Miller) |
| 9:00-9:30 | Managing early blight and brown spot and fungicide resistance management (Trent Taysom) |
| 9:30-10:00 | Late blight in 2009-2010, potential for 2011, and fungicide options for managing late blight (Dr. Jeff Miller) |
| 10:00-10:15 | Break |
| 10:15-11:00 | Management of nematodes in potatoes (Dr. Saad Hafez, University of Idaho) |
